Fax (519) 426-8573

# DEVELOPMENT CHARGES

1. By-law #2014-105, being a by-law respecting Development Charges on land within the Corporation of Norfolk County, is consistent with the Development Charges Act, 1997 (DCA) to recover the maximum allowable portions of growth-related capital costs.

2. A Development Charge is a fee charged to new development to finance the cost of new growth-related capital facilities and infrastructure.

3. Development Charges provide a major source of funding for growth-related capital expenditures – Development Charges help to protect existing taxpayers from the burden of financing growth related capital expenditures.

The Treasurer of a municipality shall present to Council an annual statement relating to the individual Reserve Funds established through the Development Charges By-law as outlined in O. Reg. 82/98, s. 12. The purpose of the annual statement is to provide Council and the public with a comprehensive review of the activity as it relates to these funds.

This statement must include:

- A description of the service for which the fund was established
- A summary of:
  - Opening and closing balances of the reserve funds
  - Major revenues sources and expenditures
  - Year over year transactions for the credits in relation to the service or service category broken down by individual credit holder.
  - Any money borrowed from or repaid to the fund.
  - Source of funding for each project financed, in whole or in part, by development charges.
