

Date: August-29-19
To: Bidders for Norfolk County Bid No. RFP PW-E-19-84
Engineering Services for the Port Rowan / St. Williams Transmission
Watermain Replacement
From: Jeff Demeulemeester, Project Manager, Engineering Department
jeff.demeulemeester@norfolkcounty.ca
Subject: Addendum No. 1 (2 pages plus 1 page for attachment)

ADDENDUM No. 1

This Addendum shall form part of the Contract Documents.

The Bidders should acknowledge receipt of this Addendum on the Submission Form – Appendix A.

1. Delete:

Section 2.1.9 Trees/Arborist Report

Replace with:

Section 2.1.9 Tree/Arborist Report

An Arborist Report shall be provided by Norfolk County staff at time of construction tender. The County will also provide Arborist services during construction.

2. Delete:

Appendix C – Price Bid Form – Envelope #2

Replace with:

Revised Appendix C – Price Bid Form – Envelope #2 (Revised Addendum 1)

The revised Price Bid Form has removed the bid item for an Arborist Report.

3. Question:

Please confirm if the intention is to rebuild the roadways or just restoration over the watermain trench to match existing.

Answer:

The intention of this work is not to reconstruct the full roadway. Once watermain running lines are designed and approved by Norfolk County, discussion will take place with the successful consultant to determine the extent of the asphalt restoration. It is anticipated that one full lane of asphalt restoration would take place through the urban area. Through the rural area, it is anticipated that the running line would be within the ditch or shoulder area to minimize the restoration work.

4. Question:

Given the nature of the project are cross sections needed every 20m?

Answer:

Topographic elevation shots are to be taken at cross-sections every 20m. The development of cross-section drawings, however, are not required for this project unless there is a need for an individual station cross-section required for design and/or review.

End of Addendum

Attachment:

Revised Appendix C – Price Bid Form – Envelope #2 (Revised Addendum 1)

REVISED - APPENDIX C – PRICE BID FORM – ENVELOPE #2

At least one completed Price Bid Form with original signatures is to be submitted in the sealed Financial Proposal - Envelope #2 of the RFP submission package.

The Price Bid must be in Canadian Funds.

I/WE, the undersigned hereby offer the following financial proposal for evaluation in accordance with the terms and conditions as outlined within this Request for Proposal.

Financial Proposal		
Item	Required Services	Cost
1	Pre-Engineering and collection of field data	\$
2	Geotechnical Investigation	\$
3	Legal & Topographic Surveys and Utility Locates	\$
