**Note 1**  
 Major applications are generally defined as applications that include additional study requirements; those where there are potential land use contaminants and where the effect of land use would impact a large area. All interpretations are subject to approval of the Manager of Community Planning.

**Note 2**  
 Major applications are generally defined to include the establishment of a large scale developments or the expansion of an existing large scale commercial uses, the establishment of new higher density residential uses, and new or expanding Medical Marijuana Permitted Facilities.

**Note 3**  
 Deferral fee is applied if a request is made by the applicant.  
 Recirculation fee is applied when substantive changes are made to the proposal and requires recirculation to agencies.  
 If recirculation warrants a newspaper notice an additional \$350 fee will be applied.  
 Inactive fee is applied when there has been no action or communication for one year.  
 If the inactive fee is not provided the development application will be closed.
