

# Wind-Del Disc Golf Course

## Object Of The Game

Complete the course with the fewest throws of the disc to win the round.

## How To Play

- To start, each player throws their disc from the tee towards the basket.
- The player whose disc landed furthest away from the basket throws next, from the spot where the disc landed.
- Players continue to throw their disc until each disc lands in the basket.
- Continue to next hole. Players with the lowest score throw first, and players with the highest score throw last.

## Course Courtesy

All pathways are out of bounds. Do not throw when other park users are in range. Respect the course and observe all posted rules.
