DEVELOPMENT CHARGES

1. By-law #2019-100, a by-law respecting Development Charges on land within the Corporation of Norfolk County, is consistent with the Development Charges Act, 1997 (DCA) to recover the maximum allowable portions of growth-related capital costs.

2. A Development Charge is a fee charged to new development to finance the cost of new growth-related capital facilities and infrastructure, and are payable at the time of building permit issuance, unless eligible for deferred payments (Affordable and Rental Housing, and Institutional development), in which case the first installment is due at the time of occupancy.

3. Development Charges provide a major source of funding for growth-related capital expenditures. Development Charges help to protect existing taxpayers from the burden of financing growth related capital expenditures.

4. Development Charges for Norfolk County are collected to finance investments in infrastructure for the following services:

- Roads and Related
- Fire Protection
- Parking
- Parks and Recreation
- Library
- General Government (Administration)
- Ambulatory
- Water
- Wastewater
