

# Norview News

September 2023

## Labelling Clothes

All clothing brought in must be labelled to avoid clothes going missing. If bringing in clothes, please drop them off in one of the white labelling bins located outside Maple Crescent and Chestnut Hill.

## Western Day

Saddle up! Dust off your boots and sport your best flannel for Western Day on Wednesday, September 27th. Mosey on over to the Centre Courtyard at 2:00pm for some Western themed fun!

## Donations

Please note that Norview Lodge is not accepting donations of physical items at this time. Please consider donating to:

- Habitat for Humanity
- Who Did It Club
- Alzheimer Society
- The Salvation Army

## Summer Days Drifting Away

We have had such a great summer of making lasting memories, even if the weather didn't cooperate on some days.

June was Seniors Month and it kicked off a fun-filled three months of entertainment, outings, barbeques, and much needed outdoor time. Some of the highlights included: Tia McGraff (singer/songwriter), Whole Home Games Day, OPP Canine Unit Visit, Vintage Car Show, Alice's Food Truck, Whole Home Bingo, Strawberry Social, Swim program, and Line Dancing.

Our Resident's Council supported a week long Music Festival, which brought in daily whole home entertainment the week of July 16th. The Lion's Club provided weekly entertainment during the months of July and August.

We are looking forward to continuing to offer creative programming that promotes ongoing learning and helps foster new friendships!

## Electrical Inspections

All permitted electrical items must be inspected by Facilities Services Staff before being used. Once inspected, a sticker will be placed on the items to indicate it has been checked and safe to use.

Please drop off all items requiring inspection to Reception (Monday - Friday 8:30am - 4:30pm) or to the registered staff on your area after hours. When items are dropped off please have the residents name and home area labeled on the item(s).

# Infection Control Updates

Masks are recommended but no longer required throughout the home. In outbreak situations, or if a resident is on Additional Precautions, all visitors and staff are to comply with masking and other PPE requirements as directed by the Outbreak Management Team and the local Public Health Unit.

Passive screening continues for all staff and visitors. Please continue to self-monitor for any COVID-19 compatible symptoms or other respiratory or infectious diseases to prevent the spread of illness. Visitors should continue to avoid visiting for 10 days after symptom onset or positive COVID-19 test result (whichever came first).

Residents with COVID-19 remain under isolation and under additional precautions for 10 days. Residents can leave their room after 5 days while wearing a mask. If unable to wear a mask, residents will be required to complete a 10 day isolation period in their room.

COVID-19 booster vaccinations are recommended for residents every 6 months as per the Ministry of Health. We will be hosting a Fall Booster Clinic for eligible residents

# Pet Visits

We would love to see your furry friends visit the home but we do have a process to follow prior to them coming in.

The requirements for someone to bring in a dog for a pet visit is they need to provide a copy of their most recent vaccinations, which need to be valid for the current year. This document will be required on an annual basis if the dog is to continue coming into the home.

There is a pet visit binder that is now kept at the Reception desk. The binder holds a copy of the dog's vaccination paperwork; the pet visitor policy that needs to be read by the handler and signed off as well as, the handler's contact information. The dog and their handler cannot proceed with a visit unless these steps are completed.

Please see Reception for more information.
